Large Crowd Witnesses Game Played in the Rain.

Played in the Rain.

(Special to The Times-Dispatch.)

ASHLAND, VA., November 3.—A large crowd winessed the game of foot-ball this afternoon on the college campus between Jandolph-Macon and Washington and Lee. A heavy rain fell the entiretime.

The score was 16 to 0 in favor of Washington and Lee.

By steady gains Washington and Dee advanced the ball ten yards at a down. Randolph-Macon could do nothing in bucking the line and was forced repeatedly to kick the ball. Washington and Lee made two touchdowns in the first half with 15 seconds to spare, but failed to kick either goal in that half.

In the second half Bradenbough, full back for Randolph-Macon, was taken out of the game on account of an injured knee and Wonder put in his place.

Randolph-Macon made long and steady gains in the last half, but continued to space the ball.

TUCKER MAKES ONLY SPEECH OF CAMPAIGN

(Special to The Times-Disputch.)

Glecial to The Times-Dispatch.)

LYNCHBURG, VA., Nov. 3.—Hon.

Harry St. George Tucker made his only speech of the campaign to-night at the Academy of Music before a fair-sized crowd, considering the threatening weather during the early part of the right. Mr. Tucker was presented to the audience by Senator Daniel, who was most happy and characteristic in his responded to calls for a speech after Mr. Tucker single for a speech after Mr. Tucker finished, and spoke for a hulf amour, in which he hammered the Republican party with gloves off.

Mr. Tucker's speech lasted more than

state, asking ms audience who gave that party the chance to be respectable.

He declared the Republicans had used the negree as long as they could and now they think they can get along without him. They say they have a new party and ask you to support it. They are still at the mouraers' bench, but havn't gotten through yet. They may be respectable, but we don't like the company they have been keeping for these many years. He asked the audience if, in order to become a more potent factor in national affairs the party must give up its Daniel and its Glass and such men, and take for them such men as "Sièmp, Si.mp and Siump," Pat McCaull and Jakie Yosi. He declared one blast from the bugle of Major Daniel was worth ten thousand from Slemp. He declared the Republican party of to-day, which wants a change, is like the fellow who has been convicted of murder.

Mr. Tucker took up the Republican

of murder.

Mr. Tucker took up the Republican platform and, in a manner that was very able and convincing, discussed it from beginning to end, answering each plank in a strong and capable manner. He defended the new Constitution by saying it was the key to the improvement in the school system that is bound to come in Virginia.

In discussing the charges of graft admitted that one single instance \$77,000 was stolen out of the sixty million administered in the past twenty years, and the grafter is in jail and suggesting that it was not with good grace, for the party which is up to its elbows in graft in Washington to talk of it in Virgina, claim-

Ing II was beautiful to see them so sensitive about graft.

Mr. Tucker asked how could a man in the South be a Republican? He said there was not a Southern man in the President's Cabinet, nor holding any important position abroad from the Southern States, suggesting that It was provable that the President had been unable to find a man in the party in the Southern States that could measure up to these positions.

States that could make positions.

In his peroration, Mr. Tucker made a strong plea for the success of the ticket, at the same time paying a tribute to the individual worth of each of the candidates for the respective offices.

BARKSDALE WAKES ECHOES OF HALIFAX

(Special to The Times-Dispatch.)

DILLWYNN, VA. November a.—State Senator Barksdale and Mr. Taul McKac, the Democratic candidate for House of Delegates from Buckingnam and Cumberland, discussed the issues of the campaign here last even.ng.

Mr. Barksdale was introduced in a felicitious speech by Air, Sands Gayle, who referred to him as the author of the pure election law and as a prominent leader in the logislative halls of Vorginia.

Air, Barksdale, after paying the ladies present a compiliment for their attendance, entered into a vigorous discussion of the Republican party and the man representing it. He said it was still the black party. He referred to Judge Lewis as the appointee of General Stoneman as Commonwealth's attorney for Culpeper, endorsed by the blacks and office-holding Republicans, when the white people of Virginia had no voice in this government. He referred to the record of Taylor Ellyson and said that in 1861 he shouldered his gun and for four years followed the fortunes of the Confederacy, but where was Lewis when Virginia was being trampled by an invading army? In Washington, perhaps looking after an office. He referred to Brown Allen, who was recently in the county, and asked the people to read Lunsford L. Lewis opinion on Brown Allen as recorded in a certain reference book, giving the page, and you will see what he thinks of him. The Defenceratic party has paid ont sixty millions of dollars in Virginia and only one case of stealing was charged and that man was now serving a term in prison. Graft! Look at the great life insurance companies, who paid \$250,000 into the campaign fund of the Republican party. Fraud from a party who stole the presidency in 1876 and the Isthmus of the stamps.

This is the party that talks fraud and infimates it will be practiced in the com-

and Rathbone to Cuba and they stole and the stamps.

This is the party that talks fraud and intimates it will be practiced in the coming election. Slemp is the boss (I wish you could see him), and his followers in Virginia ar gougers, gaugers and fourth-class postmasters. They will so to Slemp and tell him they stole. His reply will be all right.

Mr. McRae followed in a short speech, asking for support of the people.

BLUES PLAY WENT

'Professor Napoleon" Pleases a Large Audience - Performance Very Creditable.

YOUNG PEOPLE PACK STAGE

Pretty girls and catchy music, a bewildering procession of marvelous scenes and an audience overflowing with good humor, scored for Professor Napoleon, that uncommon German of unquestioned parts, a distinct triumph upon his first appearance in Richmond last night.

It was something new and fresh, at all events. The stage was filled with little people, working away more carnestly than ever an old hand did—whooping indians and deneting devils, jackies, spick and span, and tripping Japanese, witches and imps, and college lads and lassies—a curious medley, but a pleasing one, and probably most pleasing because its like was never seen before. There were hundreds of them in all, and how they game and went so well is the marvel. Some faitered now and then, as they were expected to do, and occasionally a thunderstorm or a disgorging of red devils from the bowels of the earth was an instant late in occurring. But these were incidents that called for no note, except the handclaps of the onlookers, and even when one little horned demon lost, his grip on the crust of the earth and had to be yanked up by the nape of his neck, it was applause that he got, nothingmore nor less.

As a whole, it was remarkably done. The Professor and his company carried the day or the night with them, and as long: as they linger their success is assured. The audience was large and brillant. Governor Montague and his family occupied a box, and the faces of many well known men and women were in the plt. The Governor's staff, resplendent in gold braid, divided attention with the Bues themselves, many of, whom, in full dress uniform, sat in the audience. The house was practically filed. A portion of the top gallery was reserved for the members of the cast who were unloaded from the day at the stage as fast as they finished

members of the cast who were unloaded from the stage as fast as they finished their parts, and from this point the bonneted and red-cheeked maids and the be-whiskered little men sent down a grand chorus of cheers that nothing could check. The big people themselves were not far behind in their enthusiasm. Everybody laughed and applauded from the stage with the disk and everybody. the start until the finish, and everybody

the start until the finish, and everybody was pleased.

The senior men were good as men are, and might have shone elsewhere, but when the senior girls came out with their stools and sat them down where they could be looked upon, there was nothing to do but look.

Mr. Brent made a good Richard in the hero's part, and with his chorus called out much applause. Even better as a musical hit, and, in fact, one of the best features of the evening in all respects, was the performance of the sailor crew, with Captain Murray in the person of James McBain at its head. The old men and the old women came and went hobbling along the boards, and the wizard and his imps and the witches and their queen all passed in wonderful review. The costumes were always appropriate and attractive.

The umber of very small children in the cast was astonishing, and the manner in which they were kept to the lines to the different of the which they were kept to the lines to the different of the which they were kept to the lines to the minimum of the cast was astonishing, and the manner in the cast was astonishing and the cast of the content of the cast of the content of the cast of t

Sambo, the college muscot, led a chorus of youngsters, immortalized himself then and there. The foot-ball boys tangled themselves up in good gridiron shape, and the automobile group was excellent. The spot lights were worked with great effect, and the Japanese scene near the close was given well-deserved applause. It is impossible to name them all. Mrs. C. C. Walker, who took the part of the preceptress of the college, received a large bouquet during the evening. The leading parts were all well done, and tonight will be better done than ever, now that the stiffness has been worn off. Sambo, the college mascot, led a chorus

that the stiffness has been worn Miss Gussie Reinhardt was particularly good as Inez, and her singing was a feature of the show. Miss Tatum, Mr Hinton, Miss Cason and the others aldid well. The Professor's part was done excellently by Mr. Boschen, whose clear work served in no small degree to make the play a success.

Vorking On Records for the Appeal Case of Mrs. Estelle Smith.

Manchester Bureau, Times-Dispatch, 1 No. 1102 Huli Street.

The case of Mrs. Estelle Townsend Smith, who was tried and convicted for the murder of her little son Ralph, will soon again become a topic of general comment. The appeal for a new trial will go up for consideration before the Court of Appeals in its next session, and it is stated that the clerk of the court has been instructed to copy the

court has been instructed to copy the records for the appeal.

The appeal is based on one point only, the fact that physicians were not allowed to see Mrs. Smith before her trial, as requested by her attorneys, Messrs. Smith and Wells. This will make the Smith and Weis. This will make the records much shorter than expected and the cost of the copying will be reduced to a minimum. Whether this exception will be of any weight in the consideration of the case by the Court of Appeals remains to be seen, but much doubt is being expressed on the subject. If the appeal should fall, Mrs. Smith will be immediately committed to the State pentientiary, to serve her term of

five years.

Mr. Shepherd K. Smith, husband of the unfortunate woman, who was also tried for complicity in the killing of their child, and who was acquitted, is located in Manchoster for the present, and will remain here until the Court of Appeals renders its decision.

Mrs. Smith is bearing up well under the stress of anxious waiting to see what shall become of her case. She seems to be in the best of health, and her remarkable will power is serving her in good stead. But her high-strung temperament may break down at a motemperament may break down at a mo-ment's notice, if the decision for her appeal is rendered adversely.

Last Night of the Bazaar.

To-night will see the last of the bazaar which is being conducted in the Masonle Temple by the ladles of the West End Methodist Church for the benefit of the parsonage fund. A large crowd was present at the fete last night, and the programme went off exceptionally well. The programme to-night will consist of singing and recitations by local talent, and an especial effort will be made this, the last, night to win for the bazaar a crowning success.

The ladies of the church have worked loyally, and much credit is due them for their untiring efforts in behalf of the fund, which is designed to creet a handsome home for the pastor.
